Petition Opposed for Health & Safety Reasons to Dispensary in Haverhill

We the undersigned are opposed to the placement of a medical marijuana dispensary in Haverhill for the following health and safety reasons:

Haverhill is already identified in the media as the epicenter of the Essex County substance abuse epidemic sweeping the Commonwealth and the US. Local media coverage notes that we are among the top sites in the county for overdose deaths and incidents for overdoses for residents and for those who visit Haverhill for the purposes of buying heroin. Oftentimes police are called to parking areas in condo complexes and local shopping centers to revive someone from overdose or to arrest someone in the process of buying heroin. Individuals come from as far away as Maine to make their purchases here in Haverhill. We don't need this here now.

Although the Commonwealth voted to open the door for medical marijuana dispensaries, none of us voted to have the dispensary here in Haverhill. In Colorado, communities were offered the opportunity to opt out of having a dispensary. They saw this as a health and safety issue. Haverhill should at least have the chance to decide if this is something we want here.

The proposed operator for the Haverhill Dispensary, Healthy Pharms, has already been noted as misrepresenting itself and the community support it allegedly received from local officials. A Boston Globe article noted that the DPH approval process was flawed as evidenced by one of the operator's owners had lost their license for a medical marijuana dispensary in Colorado for chronic failure to follow local policies. They have been fined by the state by lack of full disclosure. Additionally, none of the owners, executive management team nor subject matter experts live in Haverhill, or even the Merrimack Valley. Some reside as far away as Virginia and many are in the greater Boston area. We have difficulty with absentee landlords. Why would this prove to be any more effective? If a marijuana dispensary is to be located here, it must be run by a company with the highest track record of ethical behavior.

Medical marijuana already exists in FDA-approved dosages on a prescription basis. Dispensaries, though, deal in administering marijuana in unknown dosages and protocols. A recent Globe article noted that there are over 200 varieties of marijuana offered through this proposed dispensary system, but in helping a patient find the right strain and dosage operators suggest that this be accomplished through trial and error. Also, the dispensaries will distribute "edibles," including THC-laced candies and confections that offer a precarious opportunity for diversion - these candies are reported time and again as the cause for a child's hospitalization because they grabbed the edibles rather than a gummy bear or tootsie roll.

Haverhill should at least have the chance to decide if this is something we want here.

The proposed operator for the Haverhill Dispensary, Healthy Pharms, has already been noted as misrepresenting itself and the community support it allegedly received from local officials. A Boston Globe article noted that the DPH approval process was flawed as evidenced by one of the operator's owners had lost their license for a medical marijuana dispensary in Colorado for chronic failure to follow local policies.¹ Additionally, none of the owners, executive management team nor subject matter experts live in Haverhill, or even the Merrimack Valley. Some reside as far away as Virginia and many are in the greater Boston area. We have difficulty with absentee landlords. Why would this prove to be any more effective?

Medical marijuana already exists in FDA-approved dosages on a prescription basis. Dispensaries, though, deal in administering marijuana in unknown dosages and protocols. A recent Globe article noted that there are over 200 varieties of marijuana offered through this proposed dispensary system, but in helping a patient find the right strain and dosage operators suggest that this be accomplished through trial and error.² Also, the dispensaries will distribute "edibles," including THC-laced candies and confections that offer a precarious opportunity for diversion – these candies are reported time and again as the cause for a child's hospitalization because they grabbed the edibles rather than a gummy bear or tootsie roll.

Petition Opposed for Health & Safety Reasons to Dispensary in Haverhill

We the undersigned are opposed to the placement of a medical marijuana dispensary in Haverhill for the following health and safety reasons:

Haverhill is already identified in the media as the epicenter of the Essex County substance abuse epidemic, sweeping the Commonwealth and the US. Local media coverage notes that we are among the top sites in the county for overdose deaths and incidents for overdoses for residents and for those who visit Haverhill for the purposes of buying heroin. Oftentimes police are called to parking areas in condo complexes and local shopping centers to revive someone from overdose or to arrest someone in the process of buying heroin. Individuals come from as far away as Maine to make their purchases here in Haverhill.

Although the Commonwealth voted to open the door for medical marijuana dispensaries, none of us voted to have the dispensary here in Haverhill. In Colorado, communities were offered the opportunity to opt out of having a dispensary. They saw this as a health and safety issue. Haverhill should at least have the chance to decide if this is something we want here.

The proposed operator for the Haverhill Dispensary, Healthy Pharms, has already been noted as misrepresenting itself and the community support it allegedly received from local officials. A Boston Globe article noted that the DPH approval process was flawed as evidenced by one of the operator's owners had lost their license for a medical marijuana dispensary in Colorado for chronic failure to follow local policies.¹ Additionally, none of the owners, executive management team nor subject matter experts live in Haverhill, or even the Merrimack Valley. Petition Opposed for Health & Safety Reasons to Dispensary in Haverhill

We the undersigned are opposed to the placement of a medical marijuana dispensary in Haverhill for the following health and safety reasons:

Haverhill is already identified in the media as the epicenter of the Essex County substance abuse epidemic sweeping the Commonwealth and the US. Local media coverage notes that we are among the top sites in the county for overdose deaths and incidents for overdoses for residents and for those who visit Haverhill for the purposes of buying heroin. Oftentimes police are called to parking areas in condo complexes and local shopping centers to revive someone from overdose or to arrest someone in the process of buying heroin. Individuals come from as far away as Maine to make their purchases here in Haverhill. We don't need this here now.

Although the Commonwealth voted to open the door for medical marijuana dispensaries, none of us voted to have the dispensary here in Haverhill. In Colorado, communities were offered the opportunity to opt out of having a dispensary. They saw this as a health and safety issue. Haverhill should at least have the chance to decide if this is something we want here.

The proposed operator for the Haverhill Dispensary, Healthy Pharms, has already been noted as misrepresenting itself and the community support it allegedly received from local officials. A Boston Globe article noted that the DPH approval process was flawed as evidenced by one of the operator's owners had lost their license for a medical marijuana dispensary in Colorado for chronic failure to follow local policies. They have been fined by the state by lack of full disclosure. Additionally, none of the owners, executive management team nor subject matter experts live in Haverhill, or even the Merrimack Valley. Some reside as far away as Virginia and many are in the greater Boston area. We have difficulty with absentee landlords. Why would this prove to be any more effective? If a marijuana dispensary is to be located here, it must be run by a company with the highest track record of ethical behavior.

Medical marijuana already exists in FDA-approved dosages on a prescription basis. Dispensaries, though, deal in administering marijuana in unknown dosages and protocols. A recent Globe article noted that there are over 200 varieties of marijuana offered through this proposed dispensary system, but in helping a patient find the right strain and dosage operators suggest that this be accomplished through trial and error. Also, the dispensaries will distribute "edibles," including THC-laced candies and confections that offer a precarious opportunity for diversion - these candies are reported time and again as the cause for a child's hospitalization because they grabbed the edibles rather than a gummy bear or tootsie roll.

Support Medical Use of Marijuana Dispensary in Haverhill, Massachusetts

About this petition

The Massachusetts Patient Advocacy Alliance (MPAA) is working to demonstrate to elected officials in Haverhill that there is strong support for safe access to medical marijuana for qualifying patients. MPAA is a coalition of medical marijuana patients, family members, public health groups, and medical professionals who brought the 2012 ballot initiative to the voters and has since been working to ensure that implementation of the law works for patients and communities. Visit our website at www.compassionforpatients.com to learn more.

By signing this petition you are stating that:

1. I support the establishment and operation of a medical use of marijuana dispensary in Haverhill, Massachusetts so that patients suffering from serious illnesses such as cancer, HIV/AIDS, ALS, multiple sclerosis, and other debilitating diseases can have safe access to the medicine recommended by their doctor, and;
2. I believe it is the responsibility of the elected officials in Haverhill to implement and regulate a medical use of marijuana dispensary as approved by over 63% of the voters in the City.

BY SIGNING THIS PETITION YOU ARE STATING THAT:

1. I support the establishment and operation of a medical use of marijuana dispensary in Haverhill, Massachusetts so that patients suffering from serious illnesses such as cancer, HIV/AIDS, ALS, multiple sclerosis, and other debilitating diseases can have safe access to the medicine certified by their doctor, and;

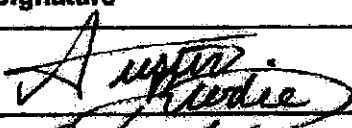

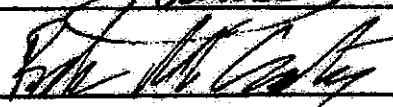

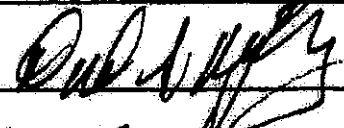

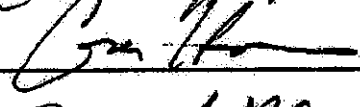

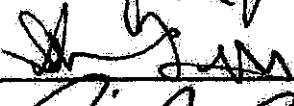

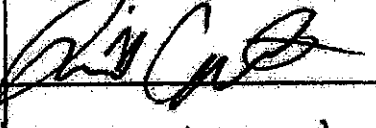

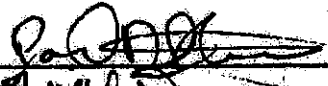

2. I believe it is the responsibility of the elected officials in Haverhill to implement and regulate a medical use of marijuana dispensary as approved by over 63% of the voters in the City.

BY SIGNING THIS PETITION YOU ARE STATING THAT:

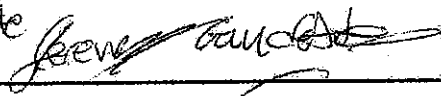

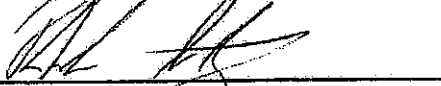

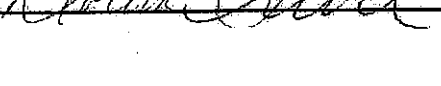

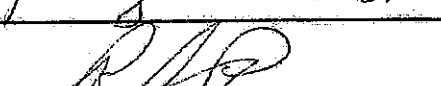

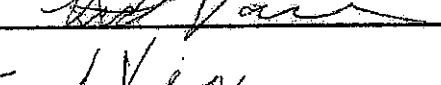

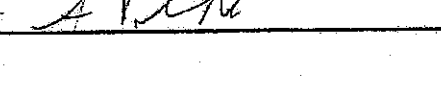

1. I support the establishment and operation of a medical use of marijuana dispensary in Haverhill, Massachusetts so that patients suffering from serious illnesses such as cancer, HIV/AIDS, ALS, multiple sclerosis, and other debilitating diseases can have safe access to the medicine certified by their doctor, and;

2. I believe it is the responsibility of the elected officials in Haverhill to implement and regulate a medical use of marijuana dispensary as approved by over 63% of the voters in the City.

Comments: The dispensary is important for Haverhill. Those patients with debilitating conditions will be served . It will be professionally operated and an asset for our

community. I am not worried about unauthorized people using this product... There are safeguards that the DPH requires to be implemented. The dispensary will be a plus for our community.

Comments: I have crohn's disease and need this to treat my disease. I have used all medications available to me, this is the only thing I can use that has no ill side effects and helps me a great deal. I need to have access to a dispensary as well as others with medical conditions. in other states that have medical marijuana, 25 percent fewer people die from opioid overdoses annually. The law passed to allow it so why not bring a business to haverhill that will benefit our community. We need safe access to our

medication!

Are you a resident of Haverhill, Massachusetts? : Yes

Re: Handicap sign request, 49 Bellevue Ave

Sir,

I have reviewed the application for a handicap sign request from Ms. Altagracia Aquino of 49 Bellevue Ave. I have inspected the location and discussed the matter with the applicant. At this time the applicant and location fit the criteria for a handicap space. I recommend that the application be approved and that a sign be placed in front of 49 Bellevue Ave.

Respectfully Submitted,

Officer Powell #8

Re: PETITION TO AMEND THE ZONING DISTRICT BOUNDARY MAP
For A Portion of Tax Map 588 Block 422 Lot 16
Applicant and Owner: Eileen F. Petrocelli
Affected Property: 95 Lake Street, Haverhill, MA

This Petition is hereby made to Amend the Zoning District Boundary Map for a portion of the property located at 95 Lake Street, Haverhill, MA from the RR (Residential Rural Density) Zone to the RM (Residential Medium) Zone. The property is presently located in both the RR (Residential Rural Density) Zone and the RM (Residential Medium) Zones. The passage of this Amendment would place the entire property in an RM Zone.

The entire premises contains 7.8 Acres of land, more or less, as shown on the enclosed Plan.

This Petition is being filed by the owner of the land to be affected by the amendment.

Submitted with this Petition is a reproducible plan and 32 copies of the same.

Also enclosed is a meets and bounds description of the property requested to be rezoned and the applicable filing fee made payable to the City of Haverhill.

The Applicant waives the 65 day hearing requirement.

Respectfully submitted,

Proposed Relocated Zone Line Description

Prepared for;
Eileen Petrocelli
Parcel #588-422-16
95 Lake Street
Haverhill, Ma

To relocate the RM & RR Zone line as follows;

Beginning at a point 700' from the centerline of Lake street at the southerly lot line of lot 588-422-16 and the northerly lot line of lot 577-422-16L at the current location of the "RM & RR" zone line

Thence running along the lot line in a south westerly direction approximately 346.5' +/- to a point at lot 588-422-16D

Thence running along the lot lines of lots 588-422-16D, 588-422-16E & 588-422-16F in a north easterly direction approximately 374.5' +/- to a point at lot 588-422-16F

Thence running along the lot line in a north westerly direction approximately 49.9' +/- to a point at lot 588-422-16L

Thence running along the lot line of lot 588-422-16L in a north easterly direction 150' +/- to a point at lot 588-422-16L

Thence running along the lot lines of lots 588-422-16L & 588-422-16H in a north westerly direction approximately 304' +/- to a point at Lake Street

Thence running along Lake Street in a north easterly direction approximately 50.5' +/- to a point at lot 588-422-16J

Thence running along the lot lines of lots 588-422-16J & 588-422-16K in a south easterly direction approximately 304' +/- to a point at lot 588-422-16K

Thence running along the lot line of 588-422-16K in a north easterly direction approximately 200' +/- to a point at lots 588-422-16K, 588-422-20C & 588-422-20F

Thence running along the lot line of lot 588-422-20F in a south easterly direction approximately 389.5' +/- to a point 700' from the centerline of Lake Street at the current location of the "RM & RR" zone line at the common lot line of lots 588-422-20F & 588-422-16. Approximately 6.4 +/- acres.

Intending to describe the proposed relocated zone line as depicted on the plan entitled "Plan of Land Parcel ID: 588-422-16 95 Lake Street Haverhill Massachusetts" dated December 9, 2014, scale 1"=60', prepared for Eileen Petrocelli, prepared by S.E.C. & Associates, Inc.

MEMO TO: City Council President John J. Michitson and members of the Haverhill City Council

FROM: William Pillsbury, Economic Development and Planning Director

RE: Zoning Amendment- 95 Lake Street

On April 8, 2015 the Haverhill Planning Board held a public hearing on the above referenced zoning amendment.

The requested action is to change the zoning of the subject property that is currently in 2 zones (RR and RM) to all RM designation. It was favorably recommended by the Planning board after the hearing presentation. No opposition was received from the city departments.

The sense of the planning board was that while this change will potentially allow the development of more lots on the site, the size of future lots in the RM configuration would not be inconsistent with the lots in the surrounding neighborhood.

It was further noted that the development of this site still requires approval by the Conservation commission and a definitive plan before the planning board to establish actual lots sizes and configurations.

As a general principle of zoning, it is appropriate to change the zone lines in cases where the line runs randomly through a site and make the zone lines consistent with the lot lines. This is the case in this situation.

I concur with the Planning Boards recommendation.

Thank you for your attention to this matter.

RECOMMENDATION: Approve the zoning amendment as presented.

Re: Eileen Petrocelli-Petition To Rezone From RR to RM
95 Lake Street

To The Haverhill City Council:

For various reasons, including but not limited to the fact that the Applicant has an unanticipated work conflict which prohibits her from being present at the hearing on May 5, 2015, Applicant respectfully requests that the hearing scheduled for May 5, 2015 be continued to June 16, 2015. As you are aware, Applicant's property is the only property affected by this Petition.

Respectfully submitted,

Eileen Petrocelli

Re: Eileen Petrocelli-Petition To Rezone From RR to RM/ 95 Lake Street
Brief In Support of Petition
Hearing Date: May 5, 2015

To assist the Council in arriving at a decision regarding the above Petition, the attached material is filed with the Council.

The usual preference of the City is that a parcel of land should be located all in the same zone. The subject property, as the Petition states, is located both in the RR and RM Zones. The requested zoning change is for the Petitioner's property, only. This change would allow the City's preference of one parcel all in one zone to occur. Because of this direct connection to the RM Zone, the requested change would not be spot zoning.

Before this Petition was filed, it was suggested that the Petitioner review the neighborhood to see if this requested change would be compatible with the existing lots in the area. Enclosed, for your review, please find a map of the area where the subject property is located and two charts:

- A bar chart displaying the number of homes categorized by lot size;
- A pie chart displaying the percentage of homes in each lot size.

As demonstrated by the pie chart, only 16% of the neighborhood complies with the current RR minimum lot size of 80,000 sq. ft., resulting in 84% of the neighborhood **NOT** complying with the RR minimum lot size of 80,000 sq. ft. It may be further noted that 44% of the neighborhood does **NOT** comply with neither RM, nor RR. These lots are smaller than the required minimum 20,000 sq. ft... By reviewing the first page of the enclosure, the map, almost all lots fall within the RR Zone. What the pie chart demonstrates is that 40% (20% + 20%) of those lots in RR comply with RM lot size minimum.

The requested Zoning Change to RM would be compatible with the neighborhood. This change would allow the Petitioner's property, if it was to be subdivided in the future, to be consistent in size with the existing lots where only 16% of the neighborhood complies with the

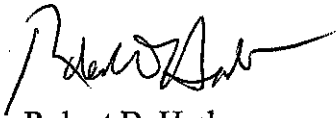

current RR minimum lot size of 80,000 sq. ft. and 40 % of the lots comply with the RM minimum lot size of 20,000 sq. ft.

There appears to be no objection to this request by any City Departments as of this morning.

The Petitioner obtained the Recommendation from the Planning Board.

Wherefore, the Petitioner would request that the City Council approve her Petition for a Zoning Change.

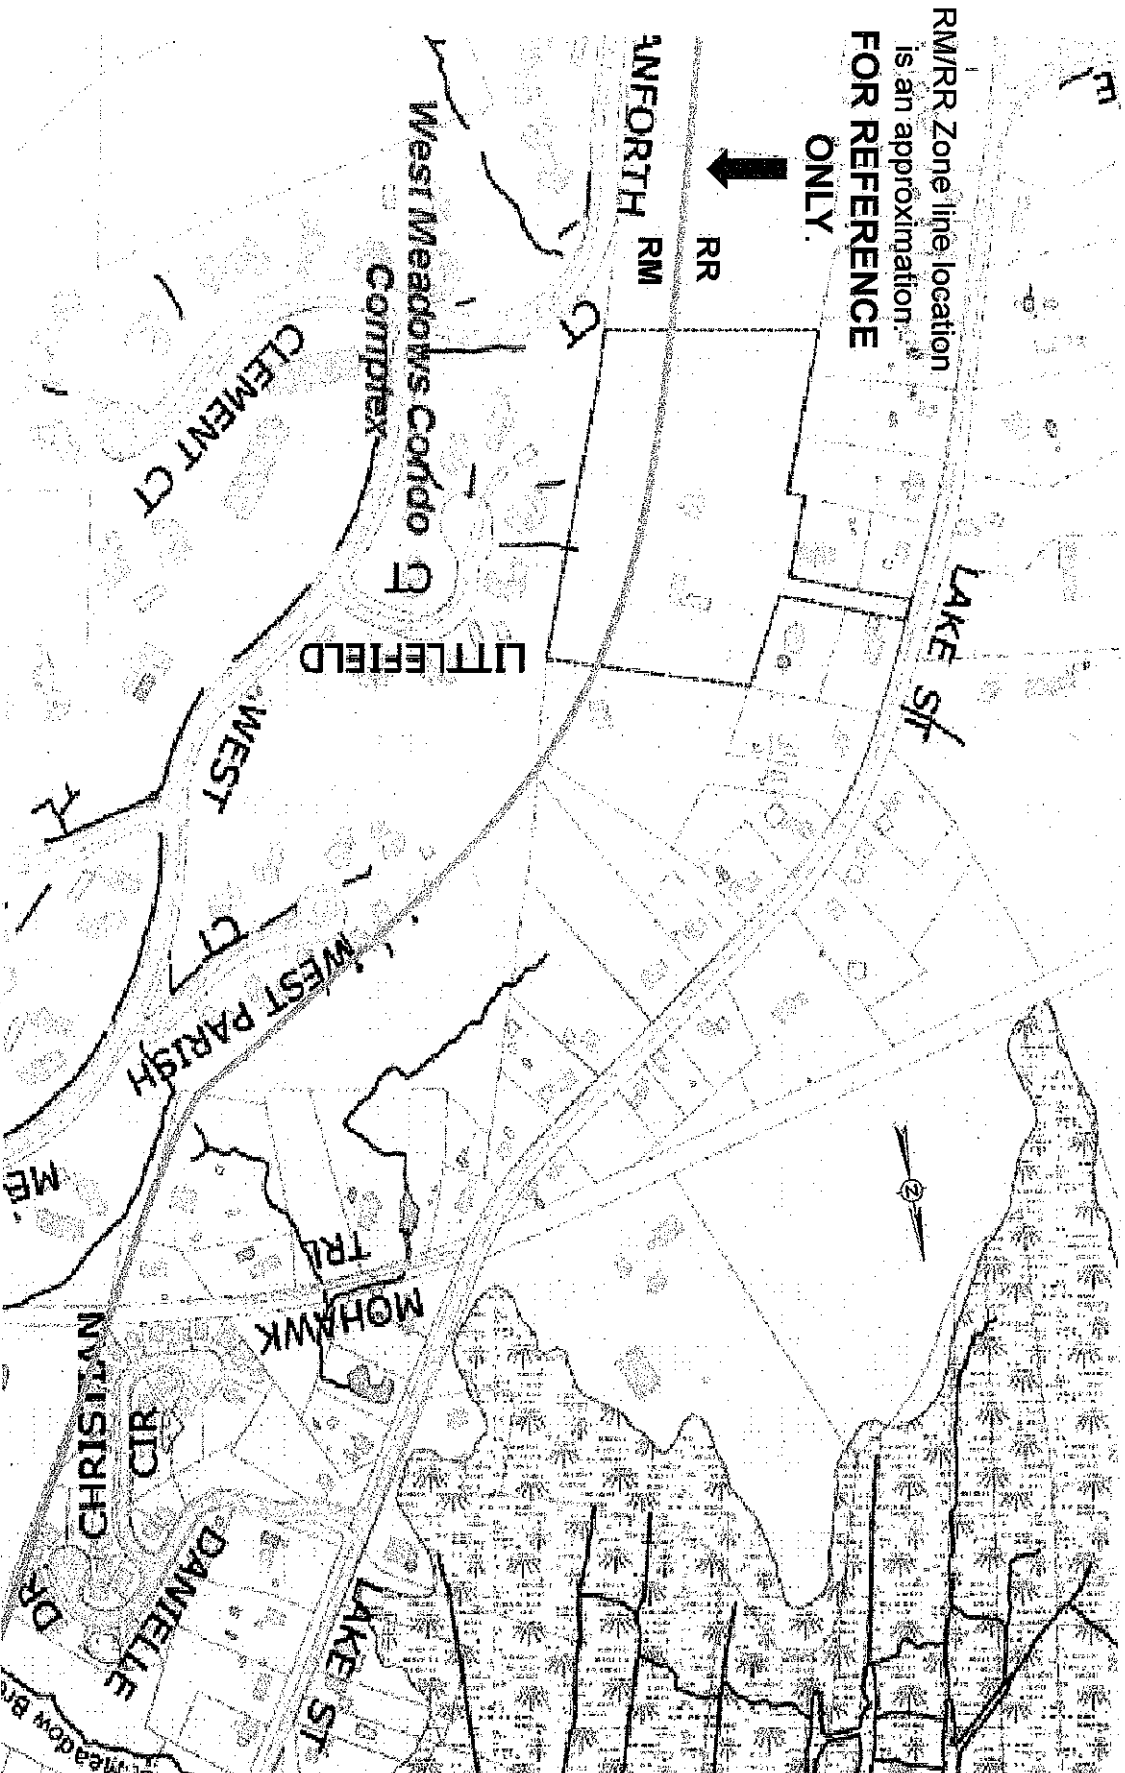

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Robert D. Harb", with a long horizontal flourish extending to the right.

Robert D. Harb
Attorney For Petitioner

95 Lake Street (7.8 acres)

The RR/RM zoning line runs 700 feet East along the center of Lake Street.

A total of 94 Haverhill residents have homes on Lake Street from West Lowell Ave to Broadway, including Mohawk Trail, Danielle Drive, and Christian Circle.

Total Number of Home Lots Categorized by Size (sqft) Bounded by West Lowell Ave and Broadway

94 Haverhill residents have homes on Lake Street from West Lowell Ave to Broadway, including Mohawk Trail, Danielle Drive, and Christian Circle.

sqft : square feet

Percentage (%) of House Lots by Size (sqft) Bounded by West Lowell Ave and Broadway

16% of the neighborhood lots comply with the present RR zoning minimum lot size. Therefore, 84% of the neighborhood lots do not qualify with RR zoning.

44% of the neighborhood lots do not qualify for the present zoning of RM nor RR because their size are less than 20,000 sqft.

RM Zone: 20,000 sqft minimum
RR Zone: 80,000 sqft minimum
sqft : square feet

May 1, 2015

The Commonwealth of Massachusetts
Executive Office of Health and Human Services
Department of Public Health
250 Washington Street, Boston, MA 02108

Dear Sir/Ms.:

It has come to my attention that the company known as Healthy Pharms, Inc. seeks to amend its registration to operate a Registered Marijuana Dispensary in the City of Haverhill. It is my understanding that the amendment seeks to change the area where the dispensary would be located.

As Mayor of the City of Haverhill, the city has no objection to that proposed change in location.

Our non-opposition at this time is wholly contingent upon the Healthy Pharms seeking and obtaining approval of a special permit by the Haverhill City Council, as required by Chapter 255 - Zoning, Code of the City of Haverhill, and, compliance with the Medical Marijuana Sales Regulations established by the Haverhill Board of Health. No dispensary can operate or open in the city unless they receive approval from both the City Council as provided by our zoning ordinances, and, the Board of Health in accord with their recently enacted Regulations.

As Mayor I have verified with the appropriate local officials that the proposed RMD facility on Research Drive is located in a zoning district that allows such use pursuant to local permitting.

Very truly yours,

James J. Fiorentini (dms)

**MEMO TO: CITY COUNCIL PRESIDENT JOHN MICHITSON AND
MEMBERS OF THE CITY COUNCIL**

**Subject: *Haverhill City Code 240-101 Schedule S: Speed Regulations,
and 240-98 Schedule P: Heavy Commercial Vehicles***

A review of the subject City Code sections has found that these sections are currently not correct. Per Massachusetts General Law (MGL) speed regulations and truck exclusions can be made by City Council only with the written approval of MassDOT, with Registrar of Motor Vehicles approval also required for speed regulations.

We have been forwarded copies all of the officially adopted Special Speed Regulations within the City. Each is signed by the City Council, Registrar of Motor Vehicles and MassDOT (formerly known as Massachusetts Department of Public Works). It is requested that City Council vote to approve adoption of these official regulations (see Attachment 1) in place of the unofficial list currently in the code.

Attachment 2 is the list of officially adopted regulations for Heavy Vehicle Truck Exclusions (HVTE), each of which we now have a copy of in Engineering. It is requested that City Council vote to approve adoption of these official regulations (see Attachment 2) in place of the unofficial list currently in the code.

Attachment 3 is from MGL Chapter 90, Section 18 and Chapter 85, Section 2, which discusses proper procedure for establishing speed limits and truck exclusions (highlights from MassDOT Traffic Engineer). Per MassDOT, speed limits posted other than those which have been officially adopted are "unapproved and unenforceable. They are posted in violation of Chapter 90, Section 18 of the MGL. Speed limits on streets without a regulation are governed by Chapter 90, Section 17 of the MGL. 50 MPH on divided highway, 40 mph outside of thickly settled district, 30 MPH in a thickly settled district and 20 MPH in a school zone. There are supposed to be no signs posted on these roads as they are prima facie speed limits." A more complete explanation of the proper procedures for establishing posted speed limits in accordance with Chapter 90, section 18 of the MGL can also be found at the following Link to MassDOT's Speed Zoning Page:

John H. Pettis III, P.E. - City Engineer
JPettis@CityOfHaverhill.com

Should the Mayor and Council have a request to officially adopt additional regulations, required studies would be difficult to do with city forces, based on staffing levels. For speed studies roadways are broken into zones and speed data is collected for each zone. Truck Exclusion studies require a comprehensive evaluation of alternative routing. The estimated cost is \$4,500 to \$5,000 per Speed Limit Study or Truck Exclusion Study. Note also that the results of a speed study may cause an increase in the posted speed limit as the study uses actual speeds in determining the appropriate value.

I will be working with our Highway Department to ensure all signage matches the official regulations. Please contact me if you have any questions.

Sincerely,

John H. Pettis III, P.E.
City Engineer

C: Mayor Fiorentini, Stankovich, Ward, Cox, Pillsbury, DeNaro, Borden, Wilson

IN CITY COUNCIL: April 21 2015

PLACED ON FILE and VEHICLES AND TRAFFIC ORDINANCE ON FILE FOR 10 DAYS

Attest:

City Clerk

**This is Chapter 90, Section 18 that mandates that
MassDOT and the Registrar of Motor Vehicles approve all
speed limits: (notable sections highlighted)**

CHAPTER 90 MOTOR VEHICLES AND AIRCRAFT

PREVNEXT

Section 18 Special regulations, speed and use of vehicles

PREVNEXT

Section 18. The city council, the transportation commission of the city of Boston, the board of selectmen, park commissioners, a traffic commission or traffic director, or the department, on ways within their control, may make special regulations as to the speed of motor vehicles and may prohibit the use of such vehicles altogether on such ways; provided, however, that except in the case of a speed regulation no such special regulation shall be effective unless it shall have been published in one or more newspapers, if there be any, published in the town in which the way is situated, otherwise in one or more newspapers published in the county in which the town is situated; nor until after the department, **and in the case of a speed regulation the department and the registrar, acting jointly, shall have certified in writing that such regulation is consistent with the public interests;** provided, however, that nothing herein contained shall be construed as affecting the right of the metropolitan district commission or of the department of environmental management to make rules and regulations governing the use and operation of motor vehicles on lands, roadways and parkways under its care and control. No such rule or regulation shall prohibit the use of passenger or station wagon type motor vehicles whose gross weight is less than five thousand pounds and which are registered for commercial use on ways where noncommercial passenger type motor vehicles are permitted to operate. **No such regulation shall be effective until there shall have been erected, upon the ways affected**

thereby and at such points as the department and the registrar, acting jointly, may designate, signs conforming to standards adopted by the department, setting forth the speed or other restrictions established by the regulation; and then only during the time such signs are in place. Any sign purporting to establish a speed limit, which has not been erected in accordance with the foregoing provisions may be removed by or under the direction of the department.

Any person, corporation, firm or trust owning a private parking area or owning land on or abutting a private way, or any person, corporation, firm or trust controlling such land or parking area, with the written consent of the owner, may apply in writing to the city council, the traffic commission of a city or town having a traffic commission, the transportation commission of the city of Boston or the board of selectmen in any town in which the private way or parking area lies, to make special regulations as to the speed of motor vehicles and as to the use of such vehicles upon the particular private way or parking area, and the city council with the approval of the mayor, the traffic commission of a city or town, the transportation commission of the city of Boston or the board of selectmen, as the case may be, may make such special regulations with respect to said private way or parking area to the same extent as to ways within their control and such special regulations shall not be subject to approval by the department or the registrar; provided, however, that any traffic signs, signals, markings or devices used to implement such special regulations shall conform in size, shape and color to the most current manual on uniform traffic control devices.

This is Chapter 85, Section 2 which gives municipalities the authority to install traffic control devices without MassDOT approval as long as they are in conformance with the MUTCD, with the EXCEPTION of speed limits and truck exclusions. Also penalty clause in second section (highlighted)

CHAPTER 85REGULATIONS AND BY-LAWS RELATIVE TO WAYS AND BRIDGES

PREVNEXT

Section 2Traffic signs or devices; erection and maintenance; rules and regulations

PREVNEXT

Section 2. The department of highways, in this chapter called the department, shall erect and maintain on state highways and on ways leading thereto and therefrom, and on all main highways between cities and towns, such direction signs, warning signs or lights, curb, street or other traffic markings, mechanical traffic signal systems, traffic devices, or parking meters as it may deem necessary for promoting the public safety and convenience and shall likewise install and maintain in accordance with the department's current manual on uniform traffic control devices, such curb, highway, street or other traffic markings as conditions may require or as may be necessary to carry out the provisions of other statutes pertaining to highway markings. The department may, from time to time, make, alter, rescind or add to rules and regulations relative to such signs, lights, signal systems, traffic devices, parking meters and markings, and may issue rules and regulations to direct, govern and restrict the movements of vehicles on all state highways and to carry out the purposes of section nine of chapter eighty-nine on highways, including state highways, which are designated thereunder by the department as through ways, with penalties for the violation thereof not exceeding twenty dollars for each offense. No such rule or regulation shall prohibit the use of passenger or station wagon type motor vehicles

whose gross weight is less than five thousand pounds and which are registered for commercial use, on ways, parkways or boulevards where noncommercial passenger-type motor vehicles are permitted to operate. No such signs, lights, signal systems, traffic devices, parking meters or markings shall be erected or maintained on any state highway by any authority other than the department except with its written approval as to location, shape, size and color thereof, and except during such time as said approval is in effect. The department may, after notice, revoke any approval granted under this section. ~~Except as otherwise provided in section two E, any rule, regulation,~~

~~order, ordinance or by law which excludes motor vehicles from state highways shall be~~

~~invalid and of no effect. Except as hereinafter provided, any rule, regulation, order,~~

~~ordinance or by law of a city or town hereafter made or promulgated relative to or in~~

~~connection with the erection or maintenance of signs, traffic control signals, traffic~~

~~devices, school zones, parking meters or markings on any way within its control shall~~

~~take effect without department approval provided such signs, traffic control signals,~~

~~traffic devices, parking meters, school zones or markings are in conformance with the~~

~~department's current manual on uniform traffic control devices and the department's~~

~~sample regulation for a standard municipal traffic code; provided, however, that such~~

~~rule, regulation, order, ordinance or by law shall not take effect until approved in~~

~~writing by the department, or be effective after such approval is revoked. If made or~~

~~promulgated relative to or in connection with the following: (1) any way at its~~

~~intersection or junction with a state highway; (2) any project which is or was federally~~

~~aided, in whole or in part; (3) any traffic control signal or flasher in any city or town~~

~~which does not employ a registered professional engineer in the commonwealth to~~

design, redesign or change the timing and sequence of signal or flasher; (4) any sign excluding heavy commercial vehicle; (5) any school zone establishment or signing in relation to which the city or town intends to seek reimbursement from the commonwealth; (6) any one-way street sign not placed at an intersection of public ways; (7) any rule, regulation, order, ordinance or by-law of a city or town which when made or promulgated would exclude motor vehicle travel on any existing way which connects one city or town with another, unless such rule, regulation, order, ordinance or by-law was promulgated in compliance with the following: (a) the rule-making body of the city or town initiating such rule, regulation, order, ordinance or by-law gives written notice of such action to the chief executive officer of the abutting city, town or county into which the said way extends, and (b) a public hearing is held by the city, town or county initiating such alteration, relocation or discontinuance, public notice of which must be published for each of the two weeks preceding such hearing in a newspaper of general circulation in the abutting city, town or county into which the said way extends, and (c) after concurrence in writing by the chief executive officer of the abutting city or town into which the said way extends or his designee.

Notwithstanding the foregoing, speed control signs may be established only in accordance with the provisions of section eighteen of chapter ninety. If any city or town installs and maintains any of the aforesaid traffic control devices without either requesting or obtaining the required approval or after being notified of such disapproval, or in noncompliance with said manual, the department shall withhold or withdraw the unexpended balance of any funds assigned to the said city or town under the provisions of section thirty-four of chapter ninety or sections twenty-five and

~~which shall not apply to~~ Any traffic control device which has not been erected or maintained in accordance with the foregoing provisions may be removed by or under the direction of the department and be stored by the department until claimed by the owner or, if not claimed within sixty days after written notice to said owner, may be disposed of at the discretion of the department. Color and arrow indications of traffic control signals shall have the commands ascribed to them in said manual. The use of the flashing white walk pedestrian signal indication, as defined in the official standards of the department, is prohibited. The superior court shall have jurisdiction in equity to enforce the provisions of this section and section one, and also sections one and four of chapter eighty-nine and any rule or regulation made thereunder or to enjoin the violation thereof. The provisions of this section shall not apply to the installation by any city or town, on any way within its boundary, of signs warning motorists of the presence of blind, deaf or otherwise handicapped children in the vicinity.

City Council President John Michitson
& Members of the City Council

RE: Paid Parking

Dear Council President and Members of the City Council:

As you know, upon the recommendation of our parking consultant and parking commission, I recently submitted proposed changes to the city's parking ordinance.

The Massachusetts State Ethics Commission ruled that the three Councilors with connections to downtown cannot vote on the ordinance sets it affects the area where they work.

We have divided the ordinance into two separate ordinances: one for the east side of downtown and one for the west side. Our city solicitor has been informed by the Ethics Commission that it would not be a conflict of interest for those three Councilors to vote on that section of the parking rules which affects the west side of downtown.

Accordingly, we hereby withdraw the ordinance sent to the Council earlier. We submit two new ordinances, one for the east side of downtown and one for the west side.

I am well aware that this matter has been sent both to the parking commission and the administration and finance committee for their recommendations. I ask that these new ordinances also be referred to the Administration and Finance committee. I look forward to working with the Council on this in a cooperative fashion.

Respectfully submitted,

James J Fiorentini, Mayor

MINUTES OF THE ADMINISTRATION AND FINANCE COMMITTEE MEETING HELD ON APRIL 22, 2015

An Administration and Finance Committee Meeting was held on Wednesday, April 22, 2015 at 7:00P.M. in the City Council office, Room 204.

Committee Members: Councillor Colin LePage- Chairperson, Councillor William Macek, Councillor Mary Ellen Daly O'Brien, Councillor Michael McGonagle. Councillor Melinda Barrett and Councillor Thomas Sullivan also attended.

Department Heads: City Solicitor William Cox, City Clerk Linda Koutoulas, Police Officer Lance Powell

Attendees: James Cleary III, Eric LaFleur, Matt Belfiore, Tom Faulkner, Jonathan Miller, Attorney Michael Hart, Michael Chesny, Christine Roy, Stanley Colten, Sarah Corthell, Kathy Clark, John Roche, Ellen Roche, Mary O'Neil, Bob Roche, Darlene Beal, Frank Novak, Tim Coco

The following items were discussed:

- 1.) **Doc. 90** – Ordinance relating to Peddling and Soliciting, Section 191-9 Licensees, add at end of subsection A: permitted to locations: "Food Trucks of any size may be allowed at all permitted fixed locations with approval from City Council" – *The Committee reviewed the materials provided previously (City of Boston Food Truck regulations) and had a lengthy discussion concerning the following aspects of a proposed ordinance, including but not limited to:*
 - a. Definition of a Food Truck (no larger than 8' x 30')
 - b. City Council approval required for location, not to be in Central Business/Restaurant District unless Special event
 - c. Fee of \$50 per day, not to exceed \$500 per applicant per calendar year
 - d. Not violate the City noise ordinance nor negatively impact quality of life*A motion was made to accept the amendments and request Solicitor Cox to prepare the ordinance for full Council review, passed unanimously.*
- 2.) **Doc. 102/2014** – Communication from Councillor Macek requesting to discuss the Taxicab and Buses ordinance – *The Committee received comments from the Police Chief to the draft ordinance submitted for his review. Comments included the location of driver identification within the taxicab as well as the inspecting and approval authority of taximeters, the Committee recommends that the City Sealer of Weights and Measures be the responsible party. A motion was made to accept the amendments and request Solicitor Cox to prepare the ordinance for full Council review, passed unanimously.*
- 3.) **Doc. 10B** – Communication from Councillor Barrett requesting to discuss lack of City representation on HC Media Board of Directors – *The Committee received and discussed the newly amended (dated April 8, 2015) HCTV By-Laws, which supersedes the previously amended By-Laws (dated January 15, 2014), and increases the number of Directors as well as restores the*

"set-aside" seats as were in their previous "old" By-Laws. These are defined in the newly revised Article III – Board of Directors listed below **(changes in bold)**:

3.2 Number and Tenure of Directors. The governing body of the Corporation shall be a Board of Directors consisting of not more than **thirteen (13) persons. Nine (9) Directors shall be at large and four (4) Directors shall be representatives of the following organizations given that a suitable recommendation is presented to the nominating committee, in writing, by the following individuals:**

- (a) Mayor, City of Haverhill**
- (b) Director, Haverhill Public Library**
- (c) Superintendent, Haverhill Public Schools**
- (d) President, Northern Essex Community College**

The term of office for a new director shall be as follows:

First time elected serves for one year, second time elected serves for two years, third time elected serves for three years. The term for all subsequent elections shall be three years. All Directors shall hold office until his/her successor is elected unless he/she resigns or is removed in accordance with the law, the Articles of Organization and these By-Laws.

3.3 Nomination and Election Process of Directors. Directors shall be selected for nomination to the Board in the following manner:

A nominating Committee shall consist of at least three, but no more than five persons. The Nominating Committee shall include the following: 1) Board member not under consideration for election; 2) HCTV member in good standing; 3) community member and appointed by the President at least three months prior to the Annual Meeting of Members. Nominees for seats on the Board of Directors shall be Members of the Corporation whose application is made no later than thirty (30) days prior to the date of the Annual or Special Meeting.

The Nominating Committee shall review applications for nomination and recommend names of nominees to the Board of Directors for a vote. Once approved by the Board of Directors, an acceptable slate of nominees shall be presented to the members at the Annual Meeting of Members for election by a simple majority of affirmative votes.
(end of list)

Representatives of the Board of Directors also informed that the eligibility and approval criteria used by the nominating committee in determining the suitability of the four (4) representative Director recommendations, "set-aside seats," has not yet been finalized.

With the re-instatement of City representatives to the HC Media Board of Directors, a motion was made and passed to consider the matter closed.

Respectfully submitted,

Colin LePage, Chairperson
Administration and Finance Committee
Haverhill City Council
